

brody hildebrand

DDS, MS

bio

Dr. Brody J. Hildebrand received a B.A. in Biology while at Baylor University and a D.D.S. from Baylor College of Dentistry in Dallas. Dr. Hildebrand followed his D.D.S. degree by completing a dual certificate program receiving specialty certification in both Orthodontics and Prosthodontics at Baylor as well as a M.S. in Oral Biology. Dr. Hildebrand practices both specialties in Dallas at Preston Hollow Specialists Dental Group and continues as an Assistant Clinical Professor in the Graduate Prosthodontics Residency program at Baylor College of Dentistry. He teaches several courses to graduate and undergraduate students covering implants, orthodontics and technology and continues exploring research opportunities associated with implants and orthodontics. Dr. Hildebrand is active in several local, regional, national and international professional organizations including the ACP, AAO, AO, AGD, NFED and ITI. He serves on the Scientific Advisory Board of the National Foundation of Ectodermal Dysplasias (NFED), is a Fellow of the International Team for Implantology (ITI) and a Fellow of the Academy of General Dentist (FAGD).
